International AMR Symposium “Tackling antibacterial and antifungal resistant infections from disease to innovative therapies”

December 9-10th, 2024
Institut Pasteur, Paris, France

As final event of the [AMR research priority](#) of the Institut Pasteur and thanks to the support of the Executive Scientific Division / SPAIS and the [Labex IBEID](#), an international symposium “Tackling antibacterial and antifungal resistant infections from disease to innovative therapies” will be held on 9-10 December 2024 at the Institut Pasteur Campus (Duclaux Amphitheater). During this meeting, the disease will be repositioned as the focal point to improve treatments of bacterial and fungal infections in a context of high antimicrobial resistance.

This one and a half day meeting (Monday, December 9th, 2 pm until Tuesday 10th, 5:30pm) will be organized around 4 sessions:

- Treatment escape and AMR in patients and animals
- Mechanisms of resistance and treatment escape
- Chemistry for new treatments
- Natural products and novel therapeutic strategies

The following speakers have already confirmed their presence:

- Laurence Armand-Lefèvre – Hôpital Bichat – Paris, France
- David Bikard – Institut Pasteur & Eligo Bioscience – Paris, France
- Sarah Dellière – Hôpital Saint Louis/Institut Pasteur – Paris, France
- Iuliana Ene – Institut Pasteur – Paris, France
- Marion Flipo – Institut Pasteur – Lille, France
- Vincent Libis – Université Paris Cité– Paris, France
- Rolf Müller - HIPS/HZI – Germany
- Christopher Schofield – University of Oxford – UK
- Athanasios Typas – EMBL – Germany

The event will bridge biology, biotechnology, clinical studies, veterinary research and chemistry and will include keynotes presentations, oral communications from submitted abstracts, a poster session and selected short-talks from the posters, with ample time for discussions, gathering and networking.

REGISTRATIONS ARE FREE BUT MANDATORY : [click here to register](#)

CALL FOR ABSTRACTS FOR ORAL AND POSTER PRESENTATIONS

Applications for oral and poster communications are largely welcomed. We invite you to submit your contributions for this symposium in the form of an explicit title and complete contact information of the speaker to emilie.boutet@pasteur.fr. There will be prizes for best posters and short-talks.

Deadline to submit your abstract for oral communication: October 31st, 2024

Deadline to submit your abstract for poster communication: November 8th, 2024
